OUR MISSION

To do business in a morally Christian way which is pleasing to God. To abide by the laws of the land and to establish a long term mutually beneficial business relationship with all MHR customers and vendors.

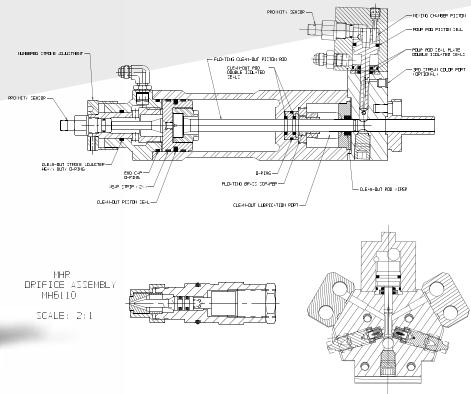

Tri-Tilt Mix Head

Impingement Mix Heads for Abrasive & Non-Abrasive Applications

MHR's Patented **Tri-Tilt Mix Heads** achieve superior mix results through non-linear non-coplanar impingement

The MHR Tri-Tilt Mixing Process eliminates air bubbles – drastically improving the laminar flow & the quality of your finished product.
